

## Claire Chase

### Associate

#### PROFILE

**Claire Chase** is a versatile facilitator, project manager, and conflict resolution professional. Since joining Triangle in 2011, Claire has managed a variety of multi-party facilitation, mediation, and public involvement projects, including forest practices management across the state of Washington and ecosystem recovery in the Puget Sound.

Claire has an educational background in conflict resolution and experience working with all levels of government. She provides project management in addition to facilitation, stakeholder communication, document preparation, and policy analysis. She is known for her positive energy working with clients and stakeholders, and has a high standard for quality deliverables.
